— Augustus

In ancient times, architecture and interior design acquired a very important symbolism when designing buildings, where the quality and exclusivity of the materials were synonymous with ostentation and status. Augustus Marble is a luxurious marble extracted from Central Asia that, in times past, was chosen to clad palaces due to its polished finish and the delicacy of its design.

It incorporates reliefs and decorations on pieces of 30x90, that complement each other and create a single design with continuity, elegant and sophisticated. Its base uses earth tones that are complemented by fine white veins that can be found in its natural state and that are enhanced in our porcelain tile. Thanks to the technique used, its veins are hidden in a subtle way under the relief; an effect that contributes to create atmospheres worthy of admiration.

En la antigüedad, la arquitectura y el interiorismo adquirían un simbolismo muy importante a la hora de diseñar edificios, donde la calidad y exclusividad de los materiales eran sinónimo de ostentación y estatus. Augustus Marble es un lujoso mármol extraído de Asia central que, en tiempos pasados, era escogido para revestir palacios debido a su acabado pulido y a la delicadeza de su diseño.

Incorpora una serie de relieves y decorados en piezas de 30x90, que se complementan entre sí y crean un único diseño con continuidad, elegante y sofisticado. Su base utiliza tonos tierra que se complementan con unas finas vetas blancas que podemos encontrar en su estado natural y que se realzan en nuestro porcelánico. Gracias a la técnica usada, sus vetas se esconden de una forma sutil bajo el relieve; un efecto que contribuye a generar ambientes dignos de admiración.
